trabalhar duramente.

duramente conseguirá
chegar igualmente longe.

mas o que é
fabulosamente duro
é deixar,

as notas supérfluas.

Sängers Morgenlied
1. Süßes Licht! Aus goldnen Pforten
Brichst du siegend durch die Nacht.
Schöner Tag! Du bist erwacht.
Mit geheimnisvollen Worten,
In melodischen Akkorden
Grüß' ich deine Rosenpracht!
2. Ach! der Liebe sanftes Wehen
Schwellt mir das bewegte Herz,
Sanft, wie ein geliebter Schmerz.
Dürft' ich nur auf goldnen Höhen
Mich im Morgenduft ergehen!
Sehnsucht zieht mich himmelwärts.
3. Und der Seele kühnes Streben
Trägt im stolzen Riesenlauf
Durch die Wolken mich hinauf.
Doch mit sanftem Geisterbeben
Dringt das Lied ins inn're Leben,
Löst den Sturm melodisch auf.
4. Vor der Augen wird es helle;
Freundlich auf der zarten Spur
Weht der Einklang der Natur,
Und begeistert rauscht die Quelle,
Munter tanzt die flücht'ge Welle
Durch des Morgens stille Flur.
5. Und von süßer Lust durchdrungen
Webt sich zarte Harmonie
Durch des Lebens Poesie.
Was die Seele tief durchklungen,
Was berauscht der Mund gesungen,
Glüht in hoher Melodie.
6. Des Gesanges muntern Söhnen
Weicht im Leben jeder Schmerz,
Und nur Liebe schwellt ihr Herz,
In des Liedes Heil'gen Tönen
Und im Morgenglanz des Schönen
Fliegt die Seele himmelwärts.
